T-TIME WITH THE PRESIDENT

Believe it or not, winter is over! Trouble is, someone forgot to tell the weatherman! Hasn't it been some winter? Flagstaff snowed in forever, we couldn't get into our cabin, and rain, rain, rain in the valleys.

I would like to thank everyone who helped with the highway cleanup. The weather co-operated, and we had a good crew. Good job, guys! Russ and Kathy invited all of us to their house afterwards. Those of you who didn't attend missed out on a good time and great pizza.

There has been interest in another spoke replacement demonstration. We will plan one for later this year. If anyone has any questions, contact me.

Montana and I bought a set of Vintage Ford magazines at Chickasha. We now have several extras, so if anyone is missing issues, let us know. Our set is complete, except for Vol.1 #2 and Vol.40 #1. We are still looking for those.

Is everyone ready for tours? Montana and I sure are. Blackjack is itching to be on the road. He says he is tired of sitting around doing nothing. He is hoping he gets new brakes, seats and top. I am working on all of them. I also have a pickup bed I am hoping to get in place before South Dakota.

Marti and Gary have a great tour planned for May 22. Hope all of you can make it. Sounds like lots of fun, and we are looking forward to seeing everyone and their T's. Be sure to contact Gary and Marti to let them know you are coming.

Gary Hays and I have been busy building fixtures. One is a pan straightening fixture, and it works! We could not believe how many crooked pans we found. The other is a crankshaft grinding tool. It is slick! We can show you both of these at the Hayses' tour.

See you at The Hayses' on May 22!!

John

T-TIME WITH MARILYN

CCMTC member Steve François has wood plans for 1914-1925 Ford tourings and roadsters. If you are in the process of restoring one of these open cars contact Steve, and he will make them available for you to copy.

Please note that there are some changes to our 2010 events calendar at the end of this newsletter.

Welcome to new CCMTC member Ben Bueler of Camp Verde. Ben is a friend of Art Wimmer, and has a nice 1926 coupe. We are happy you will be joining us, Ben, and hope to see you on a tour soon.

T-TIME UPCOMING TOUR

THE "OVER THE HILL" TOUR

Or

A Day Of Ups and Downs

May 22, 2010

We will leave from Gary and Marti's house at 3290 N. Reed Road in Chino Valley promptly at 8:30 a.m. to take a leisurely scenic drive over Mingus Mountain to the historic town of Jerome. Lunch will be at Grapes Restaurant and Bar, 111 Main St., just around the corner from the Fire Station, at 11 a.m. They do not take reservations, but said that there's usually a lull between breakfast and lunch at that time. If you're not planning to tour with us, consider meeting us there!

After lunch, we'll drive a short way to a big parking lot behind the fire station for a brief open-air CCMTC meeting. Another mile up the hill will take us to the Gold King Mine, where the guys can look at rust and "stuff" to their hearts' content. There is a nominal admission fee with \$1.00 off if you're with our group, and if you're 75 or older, you get in free! When

everyone's through looking at the sawmill and other wondrous things, we'll head back to Chino Valley the way we came -- about an 80-mile round trip journey.

If you have a motorhome and would like to come on Friday afternoon, we have plenty of room and would love to have you! Or, if you don't have a motorhome but don't want to make a long drive before the tour on Saturday morning, Chino Valley now boasts it's very own Days Inn (928-636-0311). Marti will have coffee, juice, and doughnuts ready at the house at 7:30 a.m.

To RSVP, ask for directions, or get more information, please contact Gary or Marti at 928-771-9640 or email martihays@aol.com. We're looking forward to seeing you all, and getting the T's back on the road!
